

QRIOS establishes partnerships with Karolinska Institutet Science Park and A Working Lab

As part of the QRIOS companies' continued specialist efforts, QRIOS Life Science & Engineering AB and QRIOS IT AB become exclusive partners with Karolinska Institutet (KI) Science Park and A working Lab (AWL) to provide consulting and recruitment services to affiliated companies from 1st September 2022.

"KI Science Park and AWL with partner companies fit in well with the QRIOS companies' specialization and we look forward to a long-term and exciting collaboration", says MD of QRIOS IT AB Stavros Constantinou.

"At KI Science Park and A working Lab (AWL) there is a collaboration and growth environment for knowledge-intensive companies, which adds a network of potential customers completely in line with the QRIOS companies' market," says MD of QRIOS Life Science & Engineering AB Sara Lindström, PhD.
